

Record readers are busy re-building
yesterday's buildings for tomorrow.

Learn More Now!

Get seen in *Record* this February – in print & online –
and get into future designs, before the specs are assigned!

***Architectural Record's* February issue brings the latest, and most innovative projects, products and unique solutions** to the forefront of the design community. Coverage includes:

- **Adaptive Reuse** – *Record's* study on a sector that is one of the industry's strongest growth opportunities, featuring project work that's **bringing new life to older buildings** and helping to turn profits despite an economic downturn – **Available in print and online.**
- **Projects** – *Record* presents a 27-page portfolio that presents the art of building facilities for the Performing Arts – including the Wylly Theatre, Winspear Opera House and Center for the Performing Arts, all in Dallas. **Online Sponsorships are also available.**
- **Lighting Products Section**
- **BONUS issue distribution at the World of Concrete Show**

• **PLUS – Learn if your ads are effective!** February *Record* is a juried issue, for the *AR Excellence in Advertising Competition*, eligible to all full page+ advertisers.

Inform and inspire 116,000+ architects and specifiers in print and 190,000+ online* – in the most widely read architecture magazine and web site and e-newsletter.

Get your products into more projects, with your ads in February *Record*.
